

FOR IMMEDIATE RELEASE

Nine New Analysts Join Quantitative Services Group LLC (QSG)

Naperville, IL (August 1, 2007) Quantitative Services Group LLC (QSG), an independent investment research and consulting firm, is pleased to announce that nine new analysts have joined the firm. QSG specializes in innovative research and trading analysis for fundamental equity managers, hedge funds and sophisticated quantitative managers.

“We are excited to have such a talented and diverse group of analysts joining our firm,” said Tim Sargent, President of QSG. “We focus our recruitment activities on area schools that enjoy great academic reputations and have developed sophisticated programs to prepare students for success in our field. We’re excited that such a talented set of people have selected QSG as the place to leverage their interests in investment research. We look for candidates with a unique combination of technical knowledge, experience and intellectual curiosity. Since our clients are among the most successful investors in the world, the highest degree of professionalism is required to accomplish our service goals. This group possesses all of these skills in abundance.”

The new analysts joining QSG attended the following Universities:

Miami University, Oxford, OH
University of Illinois, Urbana-Champaign, IL
University of Notre Dame, Notre Dame, IN
University of Wisconsin, Madison, WI
Washington University, St. Louis, MO

Founded in 2001, Quantitative Services Group LLC (QSG) is based in Naperville, IL just west of Chicago serving the needs of clients from around the world. QSG provides a broad array of products and services that support our clients’ desire to systematically improve their investment decision process. We accomplish this through a combination of sophisticated analysis techniques and a dedication to actionable investment ideas. Many of our data-driven insights are unique to QSG; they are delivered through a product set that allow our clients to efficiently translate them into enhanced investment returns. We routinely leverage our expertise in the form of custom analytic and consulting solutions.
